

## NFS Leasing, Inc. To Offer Off-Lease Equipment For Sale or Lease

Updated: January 4, 2022

BEVERLY, MA

NFS Leasing, an independent equipment financier with strong specialty in funding the needs of challenged and story credits, has announced it has off-lease equipment inventory available for immediate purchase or lease.

With more companies balancing the need to upgrade and expand with limited CapEx budgets, the ability to acquire quality assets with significant useful life remaining at a discount brings unique value.

The NFS Leasing off-lease equipment inventory will include Information Technology and Networking, Medical, Surgical, Imaging, Scientific Analysis, Laboratory Testing, Manufacturing, and Construction equipment.

To view up to date off-lease inventory, visit their website here: [www.nfsleasing.com/off-leaseequipment/](http://www.nfsleasing.com/off-leaseequipment/)
